

HEAVY DUTY WASHDOWN FAN

2

YEAR WARRANTY

The Heavy Duty Washdown Fans are the perfect solution for moving air in work areas where strict hygiene requirements exist. This includes food and beverage processing facilities, kitchens, hospitals and other clean, corrosive or humid environments.

Designed for harsh environments

The Heavy Duty Washdown Fans can withstand direct water exposure. This makes them perfect for areas where thorough cleaning is needed to meet strict hygiene requirements.

Excellent performance

The blades and motor are carefully matched to maximise performance and efficiency.

100% Stainless steel

Full stainless steel construction (including wall mount) offers excellent corrosion resistance. It comes with a 2 year warranty as standard.

Long life expectancy

Made in the USA ensures reliable performance in work areas with strict hygiene requirements.

Wall mounting bracket (1 phase)

The 1 phase model includes a wall mounting bracket that allows the fan to tilt up by 45° and left/right by 180°.

Wall mounting bracket (3 phase)

The 3 phase model includes an extra heavy duty wall mounting bracket that allows the fan to tilt up 45° and left/right by 90°.

Single Phase Models

Model	24CFO-SWDS-1-WM	30CFO-SWDS-1-WM
Diameter	24"/610mm	30"/762mm
Phase	1	
Volts	240	
Amps	3.3	
rpm	935	
Weight	22kg	25kg
kW	0.37	
m ³ /hr	10,442*	17,430*

*Air flows tested to AMCA 230-99 standard

Three Phase Models

Model	24CFO-SWDS-3-WM	30CFO-SWDS-3-WM
Diameter	24"/610mm	30"/762mm
Speed control	VSD	
Phase	3	
Volts	415	
Amps	0.8	
rpm	1440	
Weight	23.6kg	27.2kg
kW	0.37	
m ³ /hr	11,689*	17,066*
